## SVN Version Control System

29/05/2008 19:16 by mem

MemHT Portal has finally a version control system (SVN). It can be browsed (read only privs) by anyone on the following address:

SVN url:

**<https://memht.googlecode.com/svn/trunk>**

Browse:

**<http://code.google.com/p/memht/source/browse/trunk>**

To access it with writing permissions, contact mem by PM indicating your google mail address.
